## Introduction:

Youth, aged 15 - 25 years, are invited to attend a training Workshop Gathering in Oswiecim, Poland. This is adjacent to the horrors of Auschwitz where humanity did such atrocious acts and murdered 1.1 million people. Imagine if you could take this experience and juxtapose this for HOPE for humanity?

## Invitation:

Join us and be inspired to lead our world into a better framework where we all thrive and appreciate each other. Explore and examine with us the lessons out of such terrible phenomena - which still happens all around the world.

Be part of the solution, meet new friends from various parts of the world and stay in our House of Hope in Oswiecim, Poland. We have a Peace Lab where you will be virtually reaching out to other youth to share and discuss world issues. Be one of future leaders that inspire and transform personal and global challenges.
